

The UNESCO World Heritage city of Prague is located in the center of Europe, easily accessible from any European destination as well as from outside Europe. Prague has an exceptionally high standard of convention facilities, an excellent hotel infrastructure and an effective and efficient transport system. All that contributed to the fact that Prague ranked among the top 10 congress cities in the world last year. The intended congress venue is the Prague Congress Centre.

Therefore, I am very pleased to support the candidate's efforts for organizing the IALP Congress in the Czech Republic's Capital City.

Respectfully yours,
